ONE SHOT IS ENOUGH FOR U-BOAT

**Armed U. S. Ship Fires On
Submarine, Which Sinks
After First Shot.—Other
Bulletins.**

NEW YORK, May 10.—An armed American line steamer, which arrived from a European port, reported that her gun crew fired six shots at a German submarine off the coast of Ireland on May 2. The undersea boat immediately submerged and it was impossible to determine whether any of the shots took effect.

The periscope of the submarine was sighted about 6 p. m. and the American vessel immediately swung around to afford the gunners an opportunity for accurate aim. The undersea craft disappeared simultaneously with the firing of the first shot, it was said, and did not reappear. The American ship then put on full speed and proceeded in her course.

PARIS, FRANCE, May 10.—The American Embassy in Paris is receiving application daily from Americans in France asking permission to enlist, and many offers from French and Belgian officers to come to America to train recruits. Prominent and wealthy Frenchmen are offering their estates for the accommodation of American officers and troops.

WASHINGTON, May 10.—Every package of mail delivered in the United States will be marked with advertisements asking the recipient to buy a war bond. All vehicles of the Post-office Department will carry Liberty Loan banners as a part of a nationwide advertising campaign.

WASHINGTON, May 10.—Giving information to the public through the newspapers will be restricted to himself and the newly created Bureau of Foreign Intelligence, says Secretary Lansing, who also stated that any other official who gave out information conveying a criticism of the department's policies should be dismissed.

NEW YORK, May 10.—Theodore Roosevelt, addressing the Kings County Republican Committee at a banquet given in his honor in Brooklyn, evoked enthusiasm by an appeal for patriotic devotion to the nation, and asserted that to delay sending men to the war theater would draw the scorn of America's allies.

WASHINGTON, May 10.—Official wheat crop estimates announced show that with the world facing a bread shortage the United States, unless it cuts its home consumption, will produce only enough wheat this year to supply its own population. The winter wheat yield is declared to be the smallest in thirteen years.

WASHINGTON, May 10.—Beginning today, the government will issue a daily newspaper giving news and announcements of all departments relating to war preparations.

The publication, known as "The Official Bulletin" will be issued under the direction of the Committee on Public Information and will be mailed to all newspapers, commercial organizations or others requesting it. Postmasters have been directed to post it in their offices.

A weekly bulletin also is planned especially for issuance to weekly newspapers which will be asked to copy as many items as possible. Edward S. Rochester, former editor of a Washington newspaper, is editor.

WASHINGTON, May 10.—The department is making every effort to educate the American people to a greater use of corn meal for bread. Corn is America's big crop, but except in the South it never has supplemented wheat for bread. Department officials believe America must turn to corn to replace wheat for shipment abroad if the Allies are to be fed and Germany is to be defeated.

PARIS, May 10.—America's first armed force for the front marched through the streets of Paris yesterday, acclaimed amid the wildest demonstration the city has witnessed in years.

Sixty men, clad in khaki, armed with rifles and bearing the American flag, were in the contingent. They were the first detachment of the newly created munitions transport branch of the American ambulance corps.

WASHINGTON, May 10.—The conferees on the selective draft bill threw out Senator Harding's amendment authorizing the President to accept the services of Theodore Roosevelt's expeditionary force.

In according to the demands of the House conferees on this amendment, the Senate conferees were affected to some degree by the back-tracking of

FORMER PARISIAN FACED WITH ARREST.

Dispatches to the daily papers, under date of May 8, tell of the threatened arrest of officials prominently connected with wrecking of the Pittsburgh Life and Trust Company, to which Mr. Frederick A. Wallis, of New York, a son-in-law of Mr. Thomas Henry Clay, Sr., of this city, was called as president a short time ago. The dispatches say:

"Warrants for the arrest of three more men alleged to have been connected with the wrecking of the Pittsburgh Life & Trust Company, a \$24,000,000 life insurance corporation, were sworn out by Horace D. Davis, Deputy Attorney General of Pennsylvania. The men named in the warrants are: F. A. Wallis, of the Fidelity Mutual Life Insurance Company, of New York, who first agreed and then declined to become president of the Pittsburgh company; J. S. Grant and George A. Nichol, Jr., of New York.

"The arrests, it was announced, will be made on the charge of conspiracy to defraud. During the day the following men were ordered arrested on the same charge: Clarence F. Birdseye, of New York, alleged to have been the chief promoter; Kellogg Birdseye, his son, treasurer of the Pittsburgh Life under the new control; Joseph C. Watson, assistant secretary of the Commercial Trust Company, of New York, who is alleged to have certified a check of \$120,000 for Birdseye, who had no funds in the bank; Robert P. Moore, president of the Commercial Trust Company; Albert Leury, William D. McQueston and George Montgomery."

S. K. NICHOLS PURCHASES A GOOD COLT.

Mr. S. Kenney Nichols, of Paris, on Wednesday purchased of Mr. W. H. Fizer, of Lexington, the good thoroughbred colt, Big Enough, by Transvaal-Grace Dixon. He traded Mr. Fizer his colt, Brown Velvet, in the deal. The cash consideration involved was not made public.

NORTHWESTERN MUTUAL PROMPT SETTLEMENT.

R. F. Clendenin, Associate General Agent for the Northwestern Mutual Life Insurance Co., in this city, paid yesterday to Mrs. W. A. Wallen \$10,342.22, in full settlement of a policy and dividend on the life of W. A. Wallen, who died in this city April 27.

several Republican Senators, who went to Senator Warren, the only Republican among the Senate conferees, with statements that they had voted for the amendment only to square themselves with the Colonel.

FRANKFORT, KY., May 10.—Governor Stanley has appointed Adjutant General Ellis distributing agent for the conservation fund placed in his hands by the federal government to recruit the National Guard. He received his commission Wednesday.

NEWPORT NEWS, VA., May 9.—Victor Carlstrom, the first aviator to make a successful flight from Chicago to New York, was killed here today.

Carlstrom was instructor at the Atlantic coast aeronautical station here and was making a flight with Carey E. Eppes, an army student aviator. Their machine collapsed at a height of 3,500 feet and both men fell to death.

LONDON, May 10.—A substantial decrease in the number of sinkings by submarines in the last week will be shown in the forthcoming weekly report of shipping losses. In fact, it is stated, the report will show the smallest losses in the past three weeks.

No reason for this is given out by official sources, but it is plainly intimated that considerable progress has been made in the anti-submarine campaign.

WASHINGTON, May 10.—Leaders of both parties in Congress at a conference with President Wilson promised to support the administration's billion dollar ship building program. A bill will be introduced immediately to give the shipping board \$500,000,000 for construction of a great steel and wooden cargo fleet to run the German under-sea blockade and the remainder of the money will be appropriated whenever needed.

WASHINGTON, May 10.—Conferees on the army bill reached an agreement today and the measure will be reported to the two houses for confirmation as soon as possible.

The amendment put in by the Senate permitting Colonel Roosevelt to raise four divisions for service in France was eliminated, as was another authorizing the raising of three volunteer regiment for border patrol duty.

The conferees made the age limit of those subject to the selective draft 21 to 30 years inclusive, in place of the 21 to 27 limit in the Senate bill and 21 to 40 in the House bill.

The Senate amendment prohibiting the sale of liquor at army camps and otherwise safeguarding the morals of the troops was retained.

ATTEMPT MADE TO ASSASSINATE THE KAISER

**Three Shots Fired At His
Car By Unidentified Man,
Two Shot Striking The
Tonneau.**

ROME, May 10.—Kaiser William had a narrow escape from an assassin's bullet while motoring to Berlin, a Zurich dispatch to the Corrier d'Italia asserted.

An unidentified man fired three bullets at the Kaiser's car, two of them striking the tonneau, the third going wild. He was arrested.

The dispatch said the police were silent on the incident. The greatest precautions always have been taken to guard the Kaiser from attack. When he is at the front, he lives in a bomb-proof house, with out any insignia thereon, by which hostile aviators might learn of his whereabouts.

Circumstantial stories have told of special precautions taken during his frequent automobile trips, such as an extra car made up to resemble a baggage automobile, in which the Kaiser actually rides, while preceding it is his gorgeous automobile, with a man resembling the Kaiser seated inside.

The newspaper Corriere d'Italia is the clerical organ in Rome.

POLICE ARREST VAGRANTS IN ONE-DAY RAID.

In a personally-conducted raid on the colored pool-rooms and other abiding places of colored loafers in Paris, Tuesday, Chief of Police Fred Link, assisted by Patrolman King, arrested thirty-two colored men, on a charge of vagrancy.

When presented in the County Court several of the number proved that they worked at night, others were "looking for work," and the remainder were ordered to get to work at once or go to work for the county.

Farmers are offering the highest wages in years for labor, and complain that they are unable to secure farm laborers at this time, when they are so badly needed.

Later on Chief Link intercepted three colored men and two white men who had alighted from a freight train in the Paris yards at the Louisville & Nashville. Upon quizzing them the colored men told a story of how they had been induced to leave their homes in the South on a promise of securing work at high wages in Ohio. They were taken, with 1,500 others, on two special trains to Cincinnati, where they were turned loose on their own resources. The men managed to make their way back home as far as Paris. The two white boys had been working in a factory in Northern Ohio, which had closed down. They, too, were making their way back home. They were allowed to go on their ways.

At the present time there is no good excuse for men to be loafing around the streets of Paris. The demand for men throughout this section is great, and almost every week representatives from other cities are here in search of men to go to work. Farmers are almost begging for farm hands, and yet the demand is greater than the supply.

WARRANTS TO BE ISSUED FOR STOCKMEN.

Alleging that droves of cattle driven through the streets without the proper number of men attending them, a Pleasant street housekeeper applied to Judge January yesterday for a warrant of arrest for two prominent Bourbon county stock dealers, and one from Nicholas county.

The lady represented to Judge January that early yesterday morning three droves of cattle belonging to these men were driven up Pleasant street with only two little negro boys to attend them. She further stated that the cattle ruined her young hedge fence and lawn by overrunning them on account of not having enough men along to prevent them from straying.

The men for whom the warrants were asked are well-known farmers and stock traders. The warrants will probably be issued and served today, or as soon as the men can be located.

WORK STARTED ON MEN'S BIBLE CLASS ROOM

The workmen started the brick laying on the Men's Bible Class room, which is to be constructed in the basement of the Methodist church, yesterday. Aside from being used as a class room, the apartment will also be used as a dining and assembly room, an improvement which has been long needed by the church.

"AVAST THERE, YE LANDLUBBERS!"

THE NEWS is in receipt of a letter from Mr. Edward Fitzpatrick, formerly an attaché of the paper, who, with W. O. Pennington and Edward Doty, all of Paris, are at the U. S. Navy Training Station at Norfolk, Virginia, as members of Company m.

The letter is accompanied by a post card photo, showing Fitz and Pennington, dressed in the navy blue uniform of the "jacksies," standing at attention, rifles at side in true sailorman style. The letter follows:

Norfolk, Va., May 8, 1917.

"Dear Sir:—

"It has been pouring down rain all day and we have had no drilling to do, so I am putting in the time writing to the folks back home. We have just finished our dinners, and every one of the fellows is praying that the rain may continue, for believe me it's no joke to get out in a B. V. D. and a pair of leggins and drill three hours a day in this wind. It is so cold that the wind goes right through you. It's colder here right now than it was in old Kentucky any day during the past winter.

"We were over on the bay yesterday, going through boat drill, and it was a sight to see us shiver. The whole Atlantic fleet is here. We could see the sailors on deck scrubbing. They were facing that icy Atlantic breeze, no shirts on, and barefooted. No doubt they were used to it, for they didn't seem to mind the cold at all. Well, I guess us Kentucky roughnecks will get plenty of fresh air before we get back, if it is any colder on the ocean than it is in Norfolk.

"I am sending you a picture of Pennington and myself. I look as if I could eat the Kaiser with pleasure and call for more, so don't let any person with a weak heart see me. We couldn't get Doty in this picture, for he had work to do in the mess hall last week. I wanted to get him in so we three could be together, for it might be some time before we would get to wear the blue uniform every day.

"We sure do appreciate THE NEWS. I even read the Tanlac ads. Let it come on regularly. Regards to everybody.

"Yours,
"ED. FITZPATRICK."

GAME WARDENS MAY NOW WORK UNMOLESTED.

State game and fish wardens, whose activities have been hampered by soldiers guarding railroad bridges, may now go about their work unmolested. At the instance of J. Q. Ward, executive agent of the commission, the War Department has issued a general order to permit the wardens to cross the bridges upon presentation of their certificates. Another order warns soldiers about shooting fish. The sport has caught the fancy of the soldiers, some of whom have been shooting bass that came in close to spawn.

FLOCK QUITS SERVICE TO BUY MINISTER FOOD

A sensation was created at the First Methodist Episcopal Church, South, in Maysville, when the pastor, the Rev. E. E. Jackson, 20 years old, announced to the congregation that owing to his failure to receive his salary he was in actual want, hardly being able to stand on his feet from lack of proper nourishment. This so astounded his hearers that they forthwith began relieving his wants and by the time the services were over the church looked like a commissary department of the regular army.

WESTER UNION TO MOVE TO NEW QUARTERS

Manager McDonald, of the Western Union office, has closed a deal with the Daugherty estate for a five year lease, beginning June 1, on the business room adjoining the Daugherty Bros.' stand, and now occupied as a barber shop.

The room will be remodeled and renovated, and will be fitted with up-to-date furniture and all necessary equipment for the transaction of telegraphic business.

ARMY COMRADES.

The Maysville Bulletin says: "Mr. C. H. Meng, of North Middletown, Ky., who was in the city Monday visiting his cousin, Mrs. Caldwell, called up his army comrade, Mr. John W. Boulden, last evening, and they enjoyed a pleasant time at the Central Hotel for supper, and in calling on Mr. Eugene Robinson and other friends."

FAYETTE GUN CLUB TO HOLD TOURNAMENT.

The Fayette Gun Club, which has leased the grounds of the Hill Top Gun Club, near Austerlitz, will hold the first regular shoot of the present season on the grounds on Thursday, May 24. At the conclusion of the shoot the annual election of officers will take place.

The members of the Club held their first opening practice shoot at their grounds on the Tate's Creek pike, near Lexington, yesterday.

NOTED NEWSPAPER MAN DEAD IN LOUISVILLE.

Mr. James W. Hopper, for many years associate editor of the Louisville Courier-Journal, and one of the most prominent men in Masonic circles in the State, died suddenly Tuesday afternoon at Horst's Sanitarium, near Louisville, after a short illness.

Mr. Hopper was born in Nicholas county, Kentucky, November 23, 1839. He was educated at Millersburg and Bethany Colleges and attained a degree of scholarship in both the classics and modern learning rarely accorded to one man. After his graduation in 1859 he became successively a teacher, a lawyer and newspaper writer, the last finally becoming his life work and in which he rose to distinction.

Mr. Hopper was the son of John Hopper and Lucy A. Campbell Hopper. His mother was the daughter of John Campbell, a revolutionary soldier and a sister of Col. William Campbell, who was known as the "Hero of King's Mountain." His early schooling was intermittent, though better than enjoyed by many of the children of his period, and he was able to enter Millersburg College when he was 16 years old.

After his preparatory course at Millersburg College, where he graduated in 1859, his collegiate career was prophetic of the distinction he was to attain as a writer. In addition to the required courses he took honors in French, German, Spanish and Italian languages and the literature of these nations.

Mr. Hopper is survived by his widow, Mrs. Isabelle Johnson Hopper, to whom he was married in 1872, one son, Mr. Leo. Hopper, a well-known newspaper man of Los Angeles, Calif., and one daughter, Miss Anna Hopper, of Louisville, a member of the Courier-Journal staff.

The funeral took place at Lebanon yesterday, the services being in charge of the Louisville Masons and Knight Templar commanderies.

WEBB COMMANDERY WILL GIVE DANCE TO-NIGHT.

Several members of Couer de Lion Commandery No. 26, Knights Templar, of Paris, and their ladies, will go to Lexington to-night to attend the dance and social session to be given in the Masonic Temple in that city, by Webb Commandery No. 2, K. T., of Lexington. The hours will be from eight to twelve.

Invitations to the dance bearing the emblem of the order, have been sent out, bearing the names of John Rozzell, recorder, and Roger Victor Harp, commander.

RADICAL CHANGES IN PROPOSED REVENUE LAW

A bill, which will in all probability become a law, was finally approved in the House of Representatives Ways and Means Committee at Washington, Tuesday, by a unanimous vote.

The bill is one designated to raise \$1,800,000,000 for war revenue. The proposed bill makes some radical increases in many lines, and will hit the newspapers hard, especially. It will add \$19,000,000 to charges against the newspapers of the country under the new system based upon the present parcel post zones, and newspapers would be required to pay five per cent. on all advertising collections. The letter postage rates would be increased from two to four cents, and postal cards from one to two cents. Most of the new revenue would come from the incomes, excess profits and inheritance taxes and additional tariff duties, but the levies of the bill would reach many other sources.

ANOTHER CASE OF MYSTERIOUS DISAPPEARANCE.

The Paris police and the county authorities have received circulars from Sheriff John H. Clark, of Mason county, offering a reward of \$50 for the return of Mr. Timothy Ryan, a well-known farmer of the Mayslick vicinity, who has mysteriously disappeared. Mr. Ryan disappeared from his home Wednesday week, leaving no intimation as to his destination. Since then no traces have been found of him.

The circulars offer a reward of fifty dollars for Mr. Ryan's return, or for any information that would lead to his recovery or as to his whereabouts. He is described as follows: About fifty years old; has sandy mustache; grey eyes; about five feet, eight and one-half inches in height; weight about 150 pounds. Wore dark clothes and a black hat.

In addition to the reward offered, Mr. Ryan's family will greatly appreciate any information given them as to his whereabouts.

EDITORIAL MUSINGS.

Two Kinds of Inventors.

An event of national interest occurred the other night in New York, when the Civil Forum presented a gold medal to Thomas A. Edison.

The world is full of inventors. But comparatively few of them are able to translate their scientific ideas into a thoroughly practical form. They are typically a tribe of creatures something like artists and poets. One thinks of them as wearing long hair living in squalid tenements, dreaming over half made machines, meanwhile their families live on their relations.

The inventor is not apt to be a practical business man. He may get his idea into a practicable and working form. But he is as the babe in the woods when he gets down in the market among the business men. With child-like innocence he trusts the plausible promoter. With faith that humanity is as kindly as he has found the laws of nature, he subscribes to involved contracts. In later years he wakes up to find that the traders and the factories have gathered the cream, leaving him but meager leavings of skim milk.

It is rare that diverse gifts are concentrated in one man. When nature gifts a person with genius for creating new appliances, she is apt to leave him bereft of common sense in every day relations. The world is full of instances of inventors who conferred inestimable benefits on mankind, yet who died amid scenes of poverty.

Mr. Edison is not of that kind. He has had the supreme gift of taking the scientific dreams of the age, and so realizing them that they fit into the kitchen and the picture theatre, and the factory. His humming factory with 5,000 people dependent on a regular pay roll from his steady product, shows the many sided nature of the man.

Gypsy Life.

It is a perhaps general opinion that the last year or two has seen an unusual number of wandering characters roving about the country. Railroad men say tramps are very numerous. Bands of gypsies have become more common.

It was reported a few years ago that a concerted effort would be made by the European governments to drive these wanderers out. No doubt the war has created poor picking for them across the water.

The tramp community is a lower form of social organization. It is made up of the dregs of the white races, of men who have been failures and are too indolent and irresponsible to feel any social obligation. Its utter moral collapse is shown by the fact that there are so few women tramps. Even the lowest forms of womanhood revolt from it.

The gypsy tribes are composed of certain distinct races that have always maintained an identity of their own. While their ideas of law and order are primitive, they maintain family life and look after their children, who are often educated at good schools. They often own real estate, where they settle down until the wanderlust comes over them.

There have been many bright young men among these gypsy tribes, who displayed business ability. As fortune tellers they are wonderful readers of the human face. As horse traders few men beat them. Probably it is here that they make most of their living. There are a great many men who feel

illimitable confidence in their ability to value horse flesh, that is not destroyed by many disappointments.

The lonely farm house does not welcome the gypsies with their black looks and swarthy faces. As the country settles up, the people have less and less patience with wandering elements. Moved on rapidly by the police from town to town, their life can not be as poetic as imaginative people think. Probably in time most of them will settle down to settled residences.

INCREASE ACREAGE OF SWEET POTATOES IN THE SOUTH.

WASHINGTON, D. C., May 9.—Seed to plant an acre of Irish potatoes cost about \$40 this spring. Seed sweet potatoes will not cost more than \$4 per acre where vine cuttings taken from early-set plants are used. The yield of sweet potatoes per acre is usually greater than that of Irish potatoes and as a food they are as nutritious. Sweet potatoes may be grown throughout the Southern States and, of course, in certain other sections. Specialists in the U. S. Department of Agriculture are urging an increased acreage of this crop wherever it can be easily grown.

Sweet potatoes, it is pointed out, are the South's chief instrument for a quick and effective increase of the food supply. Seed is plentiful; last year's crop was the second largest ever produced. By means of vine cuttings it is possible to plant almost unlimited areas of this crop and at the same time conserve the present supply. That is, a farmer who wishes to plant 10 acres will bed the seed enough—say 8 to 10 bushels—to get slips for one acre. Vine cuttings from this acre would plant many more acres, plantings being possible until the first of August in the lower South. This system, now widely used in the South, enables the utilization of land from which early potatoes, cabbage and other truck crops have been taken.

Sweet potatoes are not expensive to grow. The main limiting factor to the production of vast quantities by this plan is labor. Yields from fields set with vine cuttings are as large as from plants grown from slips. This method has the further advantage of preventing the transfer of diseases which are carried on the tubers.

The South doesn't need to learn how to grow sweet potatoes, the specialists point out. Farmers know how to produce large yields of this crop. But the farmer must be impressed with the necessity of increasing his acreage of this crop, and then, when harvest comes, to prevent the enormous loss from improper handling and storing. The best way to keep sweet potatoes is to store them in well-ventilated storage houses, not "dugouts." Storage houses should be made ready as soon as possible. In Farmers' Bulletin 548, "Storing and Marketing Sweet Potatoes," instruction for building such houses and for converting old and unoccupied buildings are given.

STRATEGIC ROADS ARE MAPPED FOR GOVERNMENT

In a telegram from its Los Angeles Branch the B. F. Goodrich Company has been advised of the arrest of a man who had applied for touring information and road maps, but was later proved to be a German spy. His arrest was made on this charge and he is being detained pending a thorough investigation.

This startling development followed closely upon the offer of the complete resources of its National Touring Bureau to the Government by the B. F. Goodrich Company and has caused both Goodrich and Government officials to guard very closely the distribution of road and other touring information. With every important road in the United States carefully mapped, logged and guide-posted this Touring Bureau has immediately available for Government use the most essential factor that could possibly be used in the rapid transportation not only of supplies but troops as well.

In confirming the reported arrest of the man charged with being a German spy, one of the Goodrich officials said: "We have for some time realized the importance of the information which our Touring Bureau has gathered for the free use of the American motorist. With this point in mind, the department was some weeks ago made available to the Government coincident with our offer of its services. This not only includes all maps, road logs and other strategic information, but also embraces the use of our fleet of motor trucks and their crews who have been erecting guide-posts throughout the United States during the past several years. Like all of the other departments in this huge organization, the facilities of the National Touring Bureau have been so enlarged that the Government can use it to the fullest extent, without interfering with its services to the American tourists who are rightfully entitled to the information which it has been giving out."

BOURBON FARMING CONDITIONS.

The very unusual weather conditions and their probable effect on vegetation form a topic that is exciting the interest of the farmers of the county in a very marked degree. The timely rains and the warm sunshine which marked the last few days of April have been followed by clouds, winds, hail and general gloom. Almost freezing temperature has prevailed, and the fear of frost, ice and snow has had a general depressing effect on the growers and farmers. Had the skies cleared there would undoubtedly have been frost.

There is need of sunshine and warm weather to help the gardens and crops that have been put in, and it is earnestly hoped that the conditions may soon become more favorable.

It is said that the tobacco plants are not thriving as well as they should and that many beds have been re-sown. In some parts of the county, according to farmers who were here court day, cut worms have made their appearance, getting in their deadly work on the garden stuff that had commenced to grow, and, in some places utterly destroying peas, beans, lettuce, and even onions. A few days of hot sunshine would put an end to their depredations.

From some parts of the county comes the report that there is a fairly good promise of a good yield of apples, cherries, pears and other small fruits. Peaches, damsons, grapes and plums will likely produce but small crop. It seems to be the general opinion that it would be little short of the miraculous if any of the fruit buds escaped the deadly blasts of the "dogwood winter," which has been unusual in its duration and severity.

The wheat crop presents a much better appearance and prospect than it did several weeks ago. Much of the wheat ground has been plowed up and put in corn.

TUBERCULOSIS COMMISSION TO WAGE VIGOROUS CAMPAIGN.

According to statistics about 5,000 people died in Kentucky of tuberculosis in 1916, twenty-one in this county. By the observance of very simple rules of treatment a large majority of these lives might have been saved, the cures, when cases are taken in time showing nearly 85 in 100. To awaken public sentiment to the importance of combating the disease, the Tuberculosis Commission, with headquarters at Frankfort, will wage a most vigorous campaign to educate the masses to the fact that consumption is no longer regarded as a necessarily fatal disease, but is both curable and preventable. In this endeavor citizens of every class are urged to help and Kentucky will no longer suffer from the fact that there are more deaths from consumption in it yearly than in any other State, population considered.

Dr. W. L. Helzer, executive secretary of the commission will gladly furnish any information on the care and treatment of the disease and with the assistance of your physician insure you of cure if it is taken in time and direction are followed.

AMERICAN HIGHWAY ASSOCIATION ROAD-BUILDING EQUIPMENT

Now is the time when road com-
missions and contractors are giving
particular attention to overhauling and
purchasing equipment for the work of
the current year. The taxpayer rarely
appreciates what an important influ-
ence the use of the most equitable
equipment for a given road now has
upon its cost and he sees very little
of the equipment, in fact. But with
wages for labor mounting steadily to
unprecedented heights and workmen
hard to obtain even at these wages,
equipment is receiving more attention
than ever before and the investment
in it by the average commission and
contractor is being made more exten-
sively than in previous years.

The reason for this is, primarily,
that road work is strung out along
such a long line, instead of being con-
centrated as in a shop or in building
operations, that the supervision need-
ed to secure efficiency with poor
labor is almost impracticable. If a
machine will take the place of a gang
of men for unloading cars it can be
placed in charge of a competent man
with confidence that the unloading
will be done properly, even without
continuous supervision. If mechan-
ical traction is substituted for mules
and horses in places where it is suit-
able, the odometer records, time cards
and delivery records tell the superin-
tendent at once whether the hauling
is proceeding as it should, and he has
none of the worries which beset the
man responsible for the condition of
a large number of animals and
wagons, not to mention the teamsters.

DON'T LET YOUR COUGH HANG ON

A cough that racks and weakens is
dangerous, it undermines your health
and thrives on neglect. Relieve it at
once with Dr. King's New Discovery.
This soothing balsam remedy heals
the throat, loosens the phlegm, its an-

**WILL ONE OF THESE
BE IN YOUR WINDOW?**

That everybody may know from
which homes men have gone to serve
their country in the Navy, and as an
inspiration to others to follow, there
has just been issued from the press of
the U. S. Navy Publicity Bureau, a
card with the following inscription:

"A Man From This House is
Now Serving His Country At The
Front in the United States Navy."
In the upper corner of the card ap-
pears the impressive seal of the Navy,
while below a space for the signature
of the Commanding officer.

The cards are now being mailed,
first to all of the apprentice seamen at
the Naval Training Stations, and they
will eventually reach every man in the
service. After being signed and dis-
tributed they are to be mailed home
and placed in the window of the
house as a mark of honor, as well as
a constant reminder of duty to the
young man who still hesitates in the
face of the country's call for men.

PENALIZING DRUNKEN DRIVERS.

New York's decree that any person
found guilty of driving an automobile
while intoxicated will be sentenced to
a year in the penitentiary and a fine
of \$500 errs only on the side of leni-
ency. It should be five years in the
penitentiary and \$500 fine. A private
corporation which would permit an ir-
responsible person of this class to
operate dangerous machines, run a
train, manage a boat, an elevator, or
have charge of anything where he
could endanger the lives of other peo-
ple, would be guilty of criminal negli-
gence. Under the "Safety First" pol-
icy of most large companies irrespon-
sible individuals are being eliminated
from important positions. For anyone
to permit such person to drive an au-
tomobile is also criminal neglect, and
those guilty of it should be severely
punished in the only way they can be
punished, i. e., by depriving them of
their liberty and their lucre. Auto-
mobiling has quite enough to answer
for without being responsible for the
drunken car drivers, whether chauff-
eurs or owners matters not.—Ameri-
can Motorist.

KING CORN.

It is stated by a writer upon the
subject of food supply that this coun-
try cannot be starved because of its
two great crops, corn and cotton. We
have a monopoly of cotton, and cotton
seed provide a valuable oil in such
quantities that its food value is enor-
mous. Corn supplies food and feed,
and from it can be made a large sup-
ply of sugar in the event of the cutting
off of the sugar supply from Cuba and
Hawaii. Sugar beets and sorghum also
can be made to contribute to the sugar
supply, and if it should become nec-
essary sugar enough to feed America
could be produced in this country.
Corn is the great food crop, and this
year every foot of ground not employed
otherwise, and suitable for corn,
should be planted to corn. Every little
strip of fertile soil along the Kentucky
river that is not subject to summer
floods should be made to produce its
quota of corn. Valuable pastures will
of course, remain pastures, for stock
raising is just as important in Ken-
tucky as corn raising.

EATS HOT MINGE PIE NOW

"I don't know of any one around
here who has got better results out of
Tanlac than I have, and there are a lot
who have used it, too," said M. N.
Dean of Versailles, Ky. He is city
collector and truant officer and was
formerly a deputy sheriff.

"It used to be that no matter how
little I ate it would keep me awake
nearly all night with a sour stomach.
In the morning I would feel almost as
tired as when I went to bed.

"Much of the time I had a bad taste
in my mouth, and I was bothered with
gas on the stomach. Sometimes I had
a sort of smothered feeling. Up to
the time that I took Tanlac it was al-
most a daily occurrence for me to have
dizzy spells.

"My wife suggested that I try Tan-
lac, and after the first week I could
eat things I didn't dare touch before.
In a week I ate half a hot minge pie
at once and had no trouble from it.
Cheese, too, I could eat, something I
had always avoided.

"Now I eat anything I want and
sleep naturally, getting up in the morn-
ing feeling really refreshed. I should
hate to think I could not get Tanlac,
although I haven't taken it for a little
while now."

Tanlac, the master medicine and
reconstructive tonic, is sold exclu-
sively in PARIS by Varden & Son.

**GOVERNMENT NEEDS
SHIP DRAFTSMEN.**

The Navy Department is in urgent
need of ship draftsmen at the several
navy yards and in the department at
Washington in connection with re-
cently authorized construction of war
vessels and to facilitate construction
already begun.

Citizens with this special training
are urged on patriotic grounds to use
their knowledge where it will be of
most value to the Government.

Applicants are not assembled for an
examination but are rated upon the
elements of (1) physical ability, and
(2) education, training, experience,
and ability, as shown by their appli-
cations and corroborative evidence.
Applications will be accepted at any
time. Applicants will be given a rating
as soon as their applications are re-
ceived by the United States Civil Ser-
vice Commission, and those who are
found qualified will be offered employ-
ment at once.

Information as to requirements for
entrance, salaries, etc., and application
blanks may be obtained from the
United States Civil Service Commis-
sion, Washington, D. C., or at the
Paris Postoffice.

**PROPER FOOD FOR
WEAK STOMACHS**

The proper food for one man may be
all wrong for another. Every one
should adopt a diet suitable to his age
and occupation. Those who have
weak stomachs need to be especially
careful and should eat slowly and
masticate their food thoroughly. It is
also important that they keep their
bowels regular. When they become
constipated or when they feel dull and
stupid after eating, they should take
Chamberlain's Tablets to strengthen
the stomach and move the bowels.
They are easy to take and pleasant in
effect. (may-adv)

Summer Colds Weaken

They are even more dangerous than winter
colds, for they hang on so long that they be-
come chronic catarrh. Heat and dust ag-
gravate them, cause the infected surface to
spread, and fill the body with systemic cat-
arrh. Neglect costs health and energy.

PERUNA EXPELS CATARRH

It does more—it builds up the weakened system, regulates the diges-
tion, removes the inflammation, overcomes the poisons of catarrh, and in-
vigorates all over. Forty-four years of success proves its great value, of
which thousands gladly testify.

REMEMBER "MOTHERS DAY."

Sunday, May 13, is "Mother's Day," and will be observed by the Sunday Schools and churches of Paris in the usual manner. Every one is asked to go to Sunday School and church in honor of mother. The officers and other workers of the Men's Bible Class of the Paris Christian Church desire to have an attendance on "Mother's Day" that will surpass the "Go-To-Sunday-School Day" record.

The custom of observing one day in the year in honor of our mothers is commendable, and should be a great day for all. Why not make it "Father's Day," too? The best way to honor mother is for the fathers and sons to be found in "The Father's House" taking part in the Sunday School and church services. Make your plans to be in the class room Sunday morning at 9:30.

Mr. R. A. Doan, of Cincinnati, Ohio, one of the greatest workers in the modern Sunday School movement, will address the Men's Class of the Christian Church at the regular Sunday School hour, May 20. Mr. Doan has a message for every man and it is hoped that none will fail to avail themselves of the opportunity to hear this great man.

YOUNG MEN'S CATHOLIC CLUB GIVES EUCHE.

The young men composing the Young Men's Club of the Paris Catholic church, gave a most enjoyable euchre Wednesday night at the Catholic Hall, on High street, in which they were ably assisted by the ladies of the church.

The hall was beautifully and tastefully decorated, the National colors forming the principal part in the decorative scheme. American flags and bunting were suspended and draped in festoons around the walls and from the ceilings, while miniature American flags were placed on the tables and in other places where they added to the general effect of the occasion.

About two hundred guests were present, a large number in autos from Lexington, Georgetown and other surrounding towns. An orchestra of five pieces furnished music for the evening. At the conclusion of the games a tempting luncheon was served the guests.

The first prize for gentlemen was won by Mr. Martin O'Neill, with Mr. Victor O'Neill winner of the second. Prizes for gentlemen players were won by Messrs. John Welsh, Richard Welton, of Paris, and Justin McCarthy, of Lexington. The first prize for ladies went to Mrs. M. J. Lavin, the second to Miss Margaret Brophy, and the third to Miss Nora Bourke.

ALLEGED BOOTLEGGER ARRESTED

Charged with having liquor in his possession for the purpose of sale in local option territory, George Willis, alias George West, colored, was arrested by Patrolman Geo. W. Judy, Wednesday afternoon as he stepped from the Paris-Interurban car, and was placed in jail.

Police Judge January had been informed from some unknown source that a negro man was on the interurban car acting in a suspicious manner, such as to lead the informant to believe that he had contraband liquor in his possession for unlawful purposes.

Judge January and Patrolman Judy met the car, and found the negro and his baggage. When questioned about a trunk, he claimed that it belonged to his brother, who, he said, had the key. The key was finally found on his person, and the officials opened the trunk, which was found to contain one three-gallon tin can and one two-gallon tin can, both filled with whiskey, and some bed clothing. The man also had in his possession a grip which was found to contain six quart bottles and six half-pint bottles of beer. The negro claimed to be from Jellico, Tenn., and that he was on his way back there.

The liquor was seized by the officials, and the negro was placed in jail, in default of \$100 bond. He will be held for trial.

MEETING NIGHT CHANGED.

Until further notice the meetings of A. J. Lovely Company, Uniform Rank, K. of P., will be held on Wednesday night, instead of Monday night, as heretofore.

The U. R. will hold memorial services for its departed members on Sunday, June 17. They decided to give a K. of P. picnic on Wednesday, July 4, further particulars of which will be published later in the local press.

The second rank was conferred on several candidates by the subordinate lodge, Rathbone No. 12, at the meeting held last night.

INFORMATION WANTED.

Postmaster J. Walter Payne has received the following letter from Miami, Arizona, asking for information in regard to a man who is said to have formerly resided in Paris:

"Miami, Arizona,
May 5, 1917.

"Postmaster, Paris, Ky.:
"Dear Sir:—I am trying to locate the family of Mr. Edwin P. Delaney, who I understood was at one time a resident of your city. Any information you can give me in this will be deeply appreciated.

"Yours most truly,
"S. S. KOUSLEMAN."

BOY INJURED.

While unloading a barrel of salt from a wagon at the home of his mother, Mrs. Nan E. Brown, on the Colville pike, near Paris, yesterday morning, Wesley Brown, aged seventeen, was badly injured.

The boy was caught under the barrel when it slipped on the skid from the wagon, and was pinned to the ground, the heavy barrel passing over his body. He was taken to the house and a physician summoned, who pronounced the lad's injuries very serious.

INSTALLS HIGH-GRADE X-RAY OUTFIT.

One of the most modern up-to-date and costly X-Ray machines in Central Kentucky has recently been installed by Dr. J. S. Wallingford in his offices. The machine, which cost \$1,300, is of the interrupterless type, and is equipped with all the necessary appliances for X-Ray and radiograph work.

"TOM THUMB WEDDING."

The Mothers' Club of North Middletown will give a "Tom Thumb Wedding" in the old Christian church at North Middletown, on the evening of Friday, May 18, at 7:30 o'clock.

W. C. T. U. MEET AT LITTLE ROCK REPORT OF THE MILLER & LILLESTON LOT SALE.

The annual convention of the Seventh District Women's Christian Temperance Union opened its sessions in the Christian church at Little Rock, this county, last night at 7:30 o'clock, with a large number of delegates and visitors in attendance.

The district, of which Bourbon county is a part, was represented by delegates from every section, all of whom had a place on the program. Mrs. Julia R. Gunn, of Lexington, the president, presided, with Mrs. Rena Shannon, of the same city, as secretary.

The meeting was opened with devotional services, reading of the Scripture lesson and prayer. The opening part of the program proper was devoted to a medal contest, by the pupils of Mrs. Ada D. Reid's class, the subjects and the speakers being as follows: "A Little Child Shall Lead Them," Miss Rowena Nee; "Jeremiah and His Pa," Miss Anita Hinton; "The Crimson Ballot," Miss Lucy Williams; "Guilt or Not Guilty," Miss Mabel Ammerman; "His Written Sermon," Miss Fay Duvall; "The Liquor Traffic Should Be Outlawed," Miss Nora May Duff. After taking an offering the convention closed with the pronouncing of the benediction, to reassemble this morning, when the following program will be observed:

Devotional, conducted by Mrs. Edsell May, of Little Rock; Words of Greeting, Mrs. C. E. Maxwell, of Little Rock; Response, Mrs. J. D. Redd, Millersburg; appointment of Committees on Courtesy, Credentials, Resolutions, Literature; Reports of the District Recording Secretary, Mrs. Rena Shannon, Lexington, Corresponding Secretary, Mrs. Sarah Graves Clark, Treasurer, Mrs. Clara McDonald, Hutchison; President's greeting, Mrs. Julia R. Gunn, of Lexington; Hour with the local unions: North Middletown, Mrs. Gertrude Henry; Millersburg, Mrs. J. D. Redd; Shakespeare, Mrs. W. T. Mitchell; Lexington-Arlington, Mrs. B. A. Thompson; North Middletown No. 2, Mrs. Emma Green; Paris, Mrs. Elizabeth Myall; Lexington-Beauchamp, Mrs. Mabel Woodward; Chilburg, Mrs. Mattie Coons; Lexington-Central, Mrs. J. T. C. Noe; Little Rock, Mrs. C. E. Maxwell; Noon tide hour—"Beautiful Hour of Noon tide," Mrs. Nellie Stucky.

At the afternoon session, devotional exercises conducted by Mrs. Gertrude Henry, of North Middletown, will open the program, which will be followed by the L. T. L. Institute, conducted by Mrs. L. T. Pickett, Secretary, the subject for consideration being "Some Plans We Have Followed," by Mrs. Sarah Graves Clark, Miss Mary Lou Clasy, Mrs. Granville Cameron and Mrs. A. D. Reid; election of officers; report of the Committee on Credentials; illustrated talks on "Missions and Temperance," by Mrs. W. T. Sistrunk; Round Table, "Best Methods Applied," Mrs. Norah B. Taylor, State Superintendent; report of committees; Offering; Song, "Blest Be The Tie That Binds;" Benediction.

INDEFINITE POSTPONEMENT OF "PATRIOTIC MEETING."

The patriotic meeting of farmers and business men of Bourbon county, scheduled to be held in Paris, Saturday, has been indefinitely postponed, and a date for the meeting will be announced later.

Messrs. Catesby Spears, C. C. Clarke and Thos. H. Clay, Jr., who were recently appointed by Gov. Stanley as Bourbon County's representatives on the National Council of defense, are now busy formulating plans for the big meeting. It is said that committee meetings will be held and tentative draft of plans discussed and formulated to be presented to our farmers and business men for their guidance at the monster meeting to be held.

The purpose of the proposed meeting is to place before the people of Bourbon County, especially the farmers and business men, the importance of producing a maximum of food stuffs this season, that this county may grow and market its full share of grain, hay, vegetables, etc., not only for home consumption, but a sufficient amount to help feed the allied nations, who, with Uncle Sam's aid, are exerting every effort to conquer Germany.

A definite date for the big patriotic meeting will be announced at a later date.

PLANS ACCEPTED FOR NEW HOSPITAL ADDITION.

A contract was closed Wednesday by the Board of Trustees of the Massie Memorial Hospital, with Architect John V. Moore, of Lexington, for the construction of the new \$12,000 addition to the institution.

Mr. Moore was in the city Wednesday afternoon going over the plans. It is expected the work of construction will begin about June 1 and be rushed as fast as conditions will permit.

There are now fourteen patients under treatment in the Hospital. Mrs. Samuel Clay, who has been in the Hospital for several weeks, has returned to her home near Cane Ridge.

NOTE FROM "SLEEPY HOLLOW."

Bro. James Allen, in the Cynthiana Democrat, comments as follows on an item recently published in THE NEWS regarding those "pesky motorcycles":

"The BOURBON NEWS wants somebody to invent a 'land submarine' to torpedo pesky motorcycles that disturb the slumber of Paris on Sunday mornings. But maybe Paris needs waking Sunday mornings."

LEESBURG AUXILIARY RED CROSS SOCIETY.

The Leesburg correspondent of the Cynthiana Democrat has the following regarding the formation of a Red Cross auxiliary at that place:

"The Bourbon Book Club will meet Wednesday afternoon with Mrs. Wallace and Mrs. Henderson Shropshire. They have decided to become a branch of the Red Cross at Paris. They will also enjoy having the president of the Red Cross of Paris to address them. Each one has decided to lend a helping hand."

DROPS DEAD.

Caroline Whaley, colored, of Paris, dropped dead on Pike street in Cynthiana while en route to the home of her son, Jesse Whaley. She was in company with her son and his wife, when she suddenly sank to the pavement and expired without a sound.

STUDENTS' EXAMINATION.

An examination of students of the
Bourbon county schools for county
diplomas, will be held to-day, Friday,
May 11, and to-morrow, May 12, at the
office of Miss Mabel Robbins, County
Superintendent of Schools, in the
court house.

BIG LOG SHIPMENT.

Mr. Ossian Edwards, of Paris, has
made several shipments of walnut logs
to the Cincinnati markets recently.
The logs were taken from trees cut on
the farm of Mr. Wm. T. Buckner, on
the North Middletown pike, near Paris,
and are all of unusual size. The logs
will be sawed at the Cincinnati mills
into lumber for use in a number of
American furniture factories.

COURT APPOINTMENT.

Mr. John T. Collins, President, acting
for the Bourbon-Agricultural Bank
and Trust Co., accepted the appoint-
ment of that institution by the County
Court as guardian of Rebecca Forsyth,
an infant under fourteen years of age,
and an heir of the late Mr. Washington
Redmon. The appointees qualified in
the penal sum of \$1,500, without su-
rety, the charter of the Trust Com-
pany dispensing with that feature.

OILING STREETS.

The annual oiling of the streets of
Paris began Wednesday by the street
cleaning department, and will be car-
ried forward until all the streets have
received a much needed coating of this
dust preventive.

It is a remarkable fact and one that
always causes comment, that rain in-
variably falls when the Lexington
races are in progress, and when the
streets of Paris are receiving their an-
nual oil bath.

**FIRST EXCURSION
TO NATURAL BRIDGE.**

The first excursion over the Louis-
ville and Nashville road to Natural
Bridge, one of Kentucky's greatest nat-
ural wonders, will be run next Sunday,
May 13. The train will arrive at Paris
about ten o'clock. Round trip fare,
\$1.50.

Natural Bridge excursions have al-
ways been popular in this section, and
it is hoped the weather may be suit-
able for the initial excursion.

CHANGE OF RESIDENCE.

Mr. William Taylor has leased the
lower floor of the Taylor home on
Pleasant street, to Mrs. A. J. Winters,
who recently sold her home on High
street, to Mr. and Mrs. Edward Burke.
Mrs. Winters and son, Mr. Barnett
Winters, will move to their new home
about July 1.

Mrs. James K. Ford will move to her
home at the corner of Pleasant street
and Duncan avenue. Her nephew, Mr.
William Taylor, will reside with her.

**PATRONS' DAY AT
PARIS PUBLIC SCHOOLS.**

To-day is or will be "Patrons' Day"
at the Paris Public Schools. A cor-
dial invitation is extended to all pa-
trons and guardians who have children
in the school, to attend the exercises.
They are asked to come and inspect
the work that has been accomplished,
both in the grades and in the High
School, during the school term now
rapidly drawing to a close.

There will be music and a charming
little playlet, also a pageant of folk
dances. The rooms will be open for
inspection all day. The program will be-
gin at 2:30 p. m., and will be certain
to interest all who attend. Patrons
should be sure to go and see the work
of the pupils.

Golderman and Dr. King, of the United
States Army service, have examined
and approved a large number of ap-
plicants from this section for admis-
sion to the army branch of the service.
Capt. Golderman and Dr. King have
been kept busy at the Windsor Hotel,
where they have their quarters. The
following have been approved and ac-
cepted and will leave in a few days
for the training camps:

Sunday, May 6—Melvin Lee Crain,
Paris, infantry; Edward Ford Spears,
Paris, cavalry; Ben H. Lowery, Cat-
lettsburg, who has been engaged in
teaching school in this county, field ar-
tillery. Monday, May 7—Russell E.
Caldwell, Julian Allen Ingels and John
David Wright, Millersburg, field artil-
lery; Raymond White Ogden, Paris,

day, May 9—S. Brooks, Woodford,
Paris, cavalry.

Mr. Wm. Estill Moore, formerly of
Paris, who has been attending Cocorro
College, in New Mexico, and his broth-
er, Mr. Rogers Moore, who has been
attending the University of Virginia,
have responded to the call to the col-
ors. The former has enlisted for ser-
vice in the aviation corps at the Presi-
dio, in California. The latter will
leave in a few days for Ft. Benjamin
Harrison, in Indiana, where he will
take training in the Officers' Reserve
Corps.

RED CROSS MEETING.

A called meeting of the "Red Cross"
was held Tuesday at the Y. M. C. A.,
to decide ways and means to interest
the men as well as women in the or-
ganization and to arouse patriotic en-
thusiasm throughout the county.

A campaign for membership will be
started May 19th by the singing of
the National airs in the court house
yard by the school children. It was
suggested that each church would dis-
play a flag in the building. The re-
cruiting station or headquarters for
membership will be in the room next
to Bourbon Garage on Main street,
where both men and women are asked
to volunteer to register. The dues
are only \$1, and the membership in
the United States is set for 250,000.

RELIGIOUS.

cupy his pulpit at the Methodist
church, Sunday morning at 10:45
o'clock, and in the evening at 7:30
o'clock. Sunday School at 9:40 a. m.
Epworth League at 6:30 p. m. The
public is cordially invited to attend all
these services.

—The meeting being conducted at
Baptist church, under the joint minis-
try of Rev. Dr. O. R. Mangum and Rev.
Dr. F. W. Eberhardt, is growing in in-
terest and the crowds are growing
larger and more attentive each night.
Dr. Eberhardt's sermons are powerful
and convincing, and he carries his
hearers along with him almost irresist-
ably. The general theme of the ser-
mons is "The Sermon On the Mount."
Last night Dr. Eberhardt took for his
subject, "The Christian's Emphasis of
Life." To-night the subject will be,
"The Christian's Standard of Judg-
ment."

The meeting begins each night at
7:30 o'clock. Everyone is welcome
and cordially invited to attend these
meetings, which are intended to be
more in the nature of institute work
than evangelistic.

N. M. TOWN FISH FRY.

The annual fish fry, one of the social
events for which North Middletown
has become famous, was held yester-
day, on the banks of Stoner Creek, on
the farm of Alvin Thomas, near Spears
Mill.

About one hundred and fifty guests
were present, and a large quantity of
fish fell victims to their hooks. A sub-
stantial dinner was served, including
the fish caught during the day.

Guests of the North Middletown
Fishing Club were present from all sec-
tions of Central Kentucky, some com-
ing from Frankfort and even Louis-
ville. Mr. George C. Sehon, Superin-
tendent of the Kentucky Children's
Home, at Louisville, was one of the
honor guests. Everybody had a good
time and went home satisfied that the
best people in Kentucky still resided
in and near North Middletown.

PROGRESS IN PROBLEM OF COMBATTING U-BOATS

WASHINGTON, D.C., May 10.—First hand information as to progress made by the Naval Consulting Board toward finding means to combat the German submarine was given Secretary Daniels, when the board's sub-committee dealing with this subject came to Washington for conference with Navy Department officials.

W. L. Saunders, Chairman of the Board, whose statements in New York Saturday indicated a belief that the problem was nearing solution, will accompany the sub-committee, whose members are Lawrence Addicks, Thomas Robbins, Elmer A. Sperry and Benjamin Thayer.

Secretary Daniels talked with Board members and arranged the conference. No definite announcement is expected to follow the meeting. The Secretary repeatedly has indicated that even a complete solution of the problem would have to become known first through actual operation. No navy official would admit that he knew of any specific scheme evolved by the Board, and Mr. Saunders' statements apparently were regarded as indicating only that results had been obtained which would justify experimental work on a larger scale.

PLENTY OF PROOF

From People You Know—From Paris Citizens.

The greatest skeptic can hardly fail to be convinced in the face of evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Paris, of people who can be seen at any time. Read the following case of it:

J. W. Larkin, retired farmer, 431 High Street, Paris, says: "I am only too glad to recommend Doan's Kidney Pills, because I have at times had quite a bit of trouble with my back. Often I have had a dreadful ache across my kidneys and the kidney secretions have been too frequent in passage. A box or so of Doan's Kidney Pills at these times have never failed to cure me of an attack."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Larkin had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

JOFFRE AND COMMISSION IN TRAIN WRECK.

ARCOLA, ILL., May 10.—The special train bearing General Joffre, Vice Premier Viviani and other members of the French mission eastward after a tour of the Middle West, was wrecked in the middle of a cornfield, midway between Arcola and Filson, Ill., at 7:30 o'clock Monday night.

Several persons suffered slight bruises, but none of the members of the French party was injured.

The cause of the wreck is not yet known. Railroad employees who made an examination of the wreck by lantern light expressed the opinion that the cars were derailed accidentally. Secret Service men, headed by William Nye, began an immediate investigation.

The train was speeding eastward at the rate of 40 miles an hour, after leaving Springfield, Ill., where General Joffre and M. Viviani laid a wreath on the tomb of Abraham Lincoln late Monday afternoon.

Fifty miles northwest of Terre Haute, Ind., the tender of the second locomotive of a double header suddenly left the rails. The baggage car immediately behind lunged over on its side and fell crosswise of the rails, a tangled mass.

The Pullman car bearing newspaper correspondents, immediately behind the baggage car, crashed into the baggage car and left the rails, but did not turn over. The dining car, next behind, left the tracks with a crash, but the compartment car, in which Secret Service men were riding, and the observation car, quartering Vice Premier Viviani, remained on the rails.

BEST REMEDY FOR WHOOPING COUGH

"Last winter when my little boy had the whooping cough I gave him Chamberlain's Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough loose and relieve him of those dreadful coughing spells. It is the only cough medicine I keep in the house because I have the most confidence in it." This remedy is also good for colds and croup. (may-adv)

U. S. RAILROAD EXPERTS TO GO TO FRANCE.

WASHINGTON, May 10.—Nine new regiments of army engineers, to be composed exclusively of highly trained railway men, will be the first American troops to be sent to France. They will go "at the earliest possible moment," the War Department announced Monday, for work on communication lines, but speculation as to exactly when or to what points they will be sent is forbidden because of the submarine menace.

The new forces will be volunteers raised at the nine great railway centers of the country. Each regiment will be commanded by an Engineer Colonel of the regular army, aided by an Adjutant. All other officers will be railway engineers or officials.

The expedition will have a total strength of between 11,000 and 12,000 men, each regiment being composed of two battalions of three companies each.

Every branch of railway workers necessary to the building or operation of lines will be represented in the ranks, and the War Department expects a response to the call that will permit a careful selection to be exercised and insure a force already trained to the minute, an army of experts in railway operations.

"THE POWER OF THE NAVY IS IN ME."

"The power of the Navy is in me," Big Jack Dempsey, fireman recruit thus unburdened himself as he sat with legs dangling on the turret of the Virginia.

Around him seethed the preparation for war. From the huge Navy Yard shops arose the din and clamor of a mighty force rushing the final work to place in readiness the big steel fighting machines which are to play an important part in upholding the honor of our Nation. On the parade ground adjacent, a couple of hundred bluejackets were running a quarter mile oval, hardening up for their work ahead.

Something of the inspiration of this vitally energetic scene glistened in his eyes, as he swept his pipe stem in a short semicircle before him to emphasize the might of which he was master.

Huge of frame, horny of hand is Dempsey. It was only two days ago that he drifted into the Navy recruiting office to offer himself to his country.

"Whether its salorin' or soldierin' I told him at the recruiting office, its the same to me so long as I can serve me country. Anyways that a man can serve and do his duty in a foime loike this is the best way," was the gravely enunciated philosophy.

"So I enlisted as a fireman, the greatest branch of the service of the U. S. Navy."

"When a man has put in a few years on the job, there is somethin' about the firebox of a engine that pulls you to it, wance you have fed the big, hungry mouths that are always open and roarin'."

"And after a little hustle ov feedin' the big babies, the job is done and ye can take yer ease while the byes above are drillin' and the ship is rollin' easy-like in the cradle ov the sea."

"Every man in his task, says I, and I'm a fireman by inclination and force of habit. And it is me duty to play fireman for Uncle Sam while he needs me above all others."

"Wance I stoked on a tramp steamer and it was there I learned the power ov me callin'."

"We wuz down where the heathens and the fever wuz thick as mud, an wane the sickness took hold ov the officers and crew until they wuz only a handful ov us left to navigate the craft. With the fever fagin' we had a powerful time. Wane after anither the byes below fell down with sickness, and it was thin the real trouble began."

"It wuz the Captain himself who came down to talk to us. 'byes,' he said, 'I kin get along without me officers, but for the love of Hivin, me ship will perish if me firemen desert me in this me hour ov need.'"

"That is why I say the power ov the Navy is in me. When the coal stops, the battleships stops, and the intiny can take yer at his own time."

Across the slip between the Virginia and the next dock, the sailor drill had spread out into an open order exercise. They were the "men behind the guns," integral part of the great fighting mechanism which is soon to spread its influence world-wide in the mighty conflict facing this Nation. I looked sideways at the man beside me, who represented the silent working force of the American battleships, but his gaze was lifted above the immediate animation of moving units. It rested in the smokeclouds coming from the huge stack of an adjoining vessel.

"The byes hev started work fer Uncle Sam," he observed, with a touch of pride. And I knew that down in the cavernous recesses of that gray steel hull, other representatives of the "power of the Navy" were bending their backs to the end that the traditions of the American Navy might be upheld and the honor of the flag maintained upon the seas.

The Navy needs more firemen as well as men in other branches of the service. It needs thousands more patriots like Jack Dempsey.

(Regular Size)

THE new Ford-car SUPER-TIRES—Goodrich's "THREE-SEVENTY-FIVES"—give the final touch of perfection to a Ford car.

Though they cost a little more than ordinary tires, the greater style, comfort, and efficiency you gain from a Ford with them thrice cancel the first cost.

Tires of HEROIC SIZE, they last longer. Look them over at your dealer's. Ask him for—

GOODRICH

375 SIZE (31X3 1/4 INCHES) 375 BLACK SAFETY TREAD TIRES

You will find them big, burly tires—burly in extra rubber and extra wear, made in the five-finger Safety Tread ONLY.

They fit 30-inch rims, but are an inch bigger on the circumference than ordinary tires, with full three and three-quarter inches in the cross section.

Put "THREE-SEVENTY-FIVES" under your Ford, and you add value in appearance to the class of your car.

On account of reduced stress and strain they double your joy of motoring, and the life of your car, and spell tire economy in bigger mileage.

TWO BIG LAND SALES CONSUMMATED.

Elmhurst Farm, on the Winchester pike, in Fayette County, for many years the home and breeding place of famous trotting horses, which won for R. C. Estill, the owner, the distinction of breeding stake winners, record breakers and sterling campaigners, changed hands last week when the property, which has been in the Estill family for many years, was sold to E. R. Little, a trotting horse breeder of Mt. Sterling.

The farm, containing about 402 acres of land that is perhaps not excelled in the Blue Grass, was sold for \$250 an acre.

CANNOT SEIZE INTERNED VESSELS IN WEST INDIES.

WASHINGTON, D. C., May 10.—It was revealed in the House Monday, that an unpublished provision in the agreement with Denmark, by which the Danish West Indies were acquired by the United States, was that German or other war-bound ships in the island would not be seized or confiscated.

The disclosure was made by Chairman Alexander, of the Commerce Committee, presenting the Administration bill to confer congressional sanction on the President for seizure and operation of enemy war-bound ships in American ports.

When Republican Leader Mann asked for more information about the agreement Chairman Webb, of the Judiciary Committee, warned the House that it was not a subject to be discussed publicly.

KAISER SENDS MESSAGE TO SON.

AMSTERDAM, May 10.—The German Emperor has sent the following telegram to the Crown Prince:

"Your birthday falls this year in a serious and decisive time. In grateful and full confidence the fatherland and I look upon your and the other battle fronts, which imperturbably resist all attacks and which will stand invincible in the new battles."

"God grant the fatherland in your new year of life a full victory and a peace filled with blessings."

The Crown Prince of Germany was born May 6, 1882. He is at present in command of the German armies facing the French offensive.

TO THE FARMERS.**

In the current Farm and Fireside is printed President Wilson's proclamation to farmers, which is as follows:

"The White House, Washington, D. C.
"To the Farmers of America:

"At the present moment it is our plain duty to take adequate steps that not only our own people be fed, but that we may, if possible, answer the call for food of other nations at war. In this greatest of human needs I feel that the American farmer will do his part to the utmost.

"By planting and increasing his production in every way possible, every farmer will perform a labor of patriotism for which he will be recognized as a soldier of the commissary, adding his share to the food supply of the people.

**FASHION'S
LATEST WHIMS**

Fine Gingham Combined With
Silks in Summer Suits

**DRAPERIES IN
AFTERNOON FROCKS**

NEW YORK, May 10, 1917.
To keep pace with Fashion, one must be ever on the alert in these days when there is constantly something new appearing. We do not look for any change in the silhouette, for that has been finally settled, at least for the coming season, but there the countless important minor details always turning up which make the game of keeping up with the mode a very interesting one. Almost each day something new is brought to the attention; a certain material suddenly rises into prominence, a new way of draping a skirt is devised, and sundry novel accessories appear upon the scenes and are quickly taken up with enthusiasm.

Draped Styles Are Again in Vogue.

In opposition to the frocks that are absolutely straight in line, there are many ways of giving skirts to give that slight puffiness about the hips which is now one of the accepted modes in the dressier type of frock for afternoon and evening wear. One of the latest ways is by gathering the straight lower section of a skirt to a yoke, and leaving the sides free to form looped draperies which fall very gracefully into position when the soft pliable materials are used. An illustration of this charming style is shown in the sketch. The dress is of pongee trimmed with narrow bands of ribbon. The waist of this costume is made with kimono sleeves of the loose, baggy type, the kind that were in fashion some time ago. The unusual V-shaped collar and flaring cuffs add the note of distinction which all such simple styles require.

Sometimes long, straight tunics or apron effects take the place of draperies in frocks of silk, chiffon or Georgette. A beautiful dress of white satin for a bride was made with a long pleated apron of fine white net edged with white glass beads. The transparent glass heads are now being used

**AN OPERATION
AVERTED**

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. THOS. MCGONIGAL, 3432 Hartville Street, Phila., Pa.

Between two evils some folks have no choice, so they embrace them both.

for the head work, which is strongly in evidence.
Ginghams for Summer Suits and Dresses.

Bright, colorful ginghams in very fine qualities have risen into prominence and are used in fashioning not only separate blouses and skirts, but also entire summer dresses and suits. In making suits, the latest fad has been to combine gingham with pongee and other sports silks. A skirt of gingham is used with a silk coat which has the collar and cuffs, and sometimes, pockets, of gingham. A surprising combination, but distinctively effective when one gets used to the idea! In other instances, plaid and plain gingham are used to make the popular middie dresses with slip-over blouses and pleated skirts. With the plaid used for the skirt and to trim the blouse, a dress of this kind is exceedingly attractive for summer wear. Gingham is crisp and cool and may always be kept looking fresh. The separate skirt of plaid or checked gingham, to wear with white voile and batiste waists, is also a pleasing novelty for summer. The skirts are sometimes made with belts of silks in some bright color matching one of the colors in the plaid or stripes as the case may be. Smart gingham blouses are trimmed with white pique collars and cuffs, and buttonholes bound with the pique.

The new blouses that look like coats keep rising in popularity. They are especially smart in costumes of jersey cloth. A very attractive model in plain and checked jersey is shown in the sketch, and with it is worn one of the fancy girdles that are all the rage just now. These new girdles

A Sport Costume in Plain and Checked Jersey Cloth

are of metal and celluloid, and come in a variety of colors. Very pretty are those of colored stones with oxidized silver or gilt chains. Others are made of squares or circles of jade, jet, amber or ebony, linked with metal chains. Girdles of this kind are used with coats as well as with dresses.

Vests Appear in Suits.

Some of the new tussur summer suits are trimmed with silk fringes around the edges of the coat. Silk fringes are also used to finish the narrow silk or cloth girdles with which most frocks are provided.

Vests seem to be an important part of the newest suits. White silk or serge suits are frequently made with vests of bright colored satins, or the embroidered Oriental silks. In the woolen suits, collars and vests are made of broadcloth, striped silk or of natural-colored pongee. Sometimes the vests are embroidered, and, again, the edges are bound with braid, to give a neat, tailored finish. Detachable collars of blue and white striped cottons on dark blue serge and twill suits have also been noticed as well as those of silk.

PREDICTED THREE-YEAR WAR.

CLEVELAND, OHIO, May 10.—Newton D. Baker, Secretary of War, was here Monday on personal business. Speaking of the war, Secretary Baker indicated he has little hope for an early peace.

The War Department is making preparations for a three-year war at least, he said.
The Secretary and Mrs. Baker, who have been here for several days, left for Washington, Monday.

OPPORTUNITY!

Mr. R. F. Clendenin, Associate General Agent for the Northwestern Mutual Life Insurance Company, in one day recently, sold \$100,000 worth of life insurance over local and long distance lines of the Home Telephone Company and because of such an amount of business accumulated in one day, he divides the honors with us for the efficient telephone service rendered. This is a splendid record for both Telephone and Insurance Companies.

Mr. Clendenin says: "The service I get from your Company is all that I could ask, and on the closing day of my campaign I used it with wonderful success."

Such an opportunity in facilitating business should be grasped by the public in general in employing co-operation, efficiency and confidence.

MILLERSBURG

—Miss Stella Craven has closed her school in kindergarten on account of the measles.

—Mr. C. W. Corrington returned from Cincinnati, Thursday, after a few days' business trip.

—Mr. and Mrs. T. R. Wilson, of Maysville, were guests of his mother, Mrs. Nancy Wilson, Sunday.

—The Pastor's Aid Society of the Presbyterian church held an all-day meeting in the church Wednesday.

—The W. C. T. U. convened at the Presbyterian church Tuesday, at 2 p. m. Considerable business was transacted.

—Miss Martha Savage, of Los Angeles, Calif., and Miss Robinson, of Minerva, are guests of Misses Mattie and Leucia Butler.

—Mr. and Mrs. Bishop Delaney have moved from the home of her parents, Marshal and Mrs. Joe Williams, to the Sims farm near Paris.

—Miss Aleta Wilson gave a recital at Mt. Carmel, Saturday evening, which was a success in every particular. A nice little sum was realized.

—Mrs. Mary L. Huffman and niece, Miss Veona McKinley, the latter of Mississippi, returned Thursday, after several days' visit to Mrs. Day, at Paris.

—Mr. and Mrs. R. L. Powell and Mrs. Clara Shanks have returned from Carlisle Springs, where Mrs. Shanks and Mr. Powell have been seeking health for the past week. Both are much improved.

—The McIntyre home, which was recently purchased by Mr. W. E. Collier, is being moved to Jindville. The work is being done by Mr. Hicks, of Paris, and is proceeding nicely.

—The young ladies of the M. C. will conduct an excursion to Frankfort, Saturday, the rate being \$1 for the round trip. The excursionists will largely consist of the student body of the M. C. and Graded School.

—Miss Martha Viley, of the M. C., who was called to Lexington by the serious illness of her mother, Mrs. Jas. S. Viley, who underwent an operation at St. Joseph's Hospital, has returned. Mrs. Viley's condition is greatly improved.

—Misses Alice Grimes and Helen Purdy will give a recital in piano and voice at the opera house today at 8 p. m., for the benefit of the piano fund for the Graded School. The cause is a worthy one. Let everybody respond. Admission, 25 cents.

—The M. M. I. base ball team suffered defeat at Mt. Sterling, Monday, when they played the Mt. Sterling High School team. The score stood 9 to 4. Both teams made brilliant plays. Kelley's superb pitching, with good support, won the game for the Mt. Sterling H. S.

—Mr. J. E. Caldwell has resigned his position as salesman for the Millersburg Hardware Co. Mr. Caldwell has been connected with the firm for more than a year, and has given thorough satisfaction. His many friends regret the step he has taken and hope that in a short time he will return again.

—The promoters of the Millersburg Chautauqua met Tuesday evening at the office of the Millersburg Coal and Lumber Co., for the purpose of reorganizing and preparing for the approaching Chautauqua, which will be held here Sunday, July 1. Elder C. O. Crossnoor was re-elected president and Messrs. W. A. Butler, and W. D. McIntyre were re-elected secretary and treasurer. Rev. A. S. Venable was elected vice president. A petition has been sent to the White & Myers Chautauqua Co., asking that the Sunday afternoon program be made appropriate for the occasion.

—The student body of the Graded School had a flag raising at 1:30 Tuesday afternoon. A nice program was rendered, consisting of National airs by the school. The address of the afternoon was made by Hon. O. E. Hurst. Prof. Ellett made a short address. Dr. C. C. Fisher, of M. C. delivered the invocation, while the benediction was pronounced by Rev. A. S. Venable, of the Presbyterian church. The flag is a neat one, and the fund raised by the class in civics. The children are enthusiastic and all manifested a willingness to do something for their country.

They looked upon the flag with as much patriotism as the older ones.

—It had been announced in the various churches on Sunday that a Red Cross Society would be organized at the Presbyterian church Tuesday, at 3 p. m., which would be organized by Mrs. John F. Davis, of Paris. Mrs. Davis was unavoidably detained from being present. However, at the appointed time, a large number of ladies had assembled. After the flag raising in the early part of the afternoon all were then enthusiastic, and determined to do something to manifest love and patriotism for their country. Miss Mary Fithian Hutchcraft, of Paris, was present, and delivered an interesting address. In the absence of Mrs. Davis, an organization was perfected known as the Patriotic League, with Mrs. J. E. Poole as chairman, Miss Ruth McClintock, vice-chairman, and Miss Olive Fisher, secretary. Fifty pledges were taken. We have many eligible leaders, who will come at once to the front and see that good work is done. With the proper start the organization ought to have 150 members within two weeks.

—The following is the calendar of the M. C. commencement exercises, which will open Friday evening, May 18: Friday 8 p. m.—Orchestra concert at M. C. auditorium. Saturday—Alumnae Day Address at 10 a. m.; Alumnae banquet at 1 p. m. The morning will be devoted to business meeting, and the afternoon to an informal reception in the college library and parlor. The art gallery of the college will be open on Saturday from 8 a. m. to 5 p. m. Sunday at 10:45 a. m., Baccalaureate at Methodist church by Dr. Banks, of the Winchester Methodist church. Sunday 7:30 p. m.—Annual Missionary address by Dr. Banks, of Winchester. Saturday at 8 p. m.—Operetta, under the direction of Miss Ethel King, instructor in expression. To this there will be an admission fee of twenty-five and thirty-five cents. Monday at 10 a. m., Class Day Exercises. Monday, 8 p. m.—Annual Concert. Tuesday, May 22, 10:30 a. m.—Annual Commencement exercises, in which a number of young ladies will receive their degrees. Literary Address by Eld. W. E. Ellis, pastor of the Christian Church, at Paris.

SPEARS MILL ITEMS.

—Miss Cuma Hudnall is a guest of Mr. and Mrs. J. W. Clough, in East Paris.

—Messrs. John and Ben Wells and Clay Huddleston have returned from a visit to Mr. Hollie Hudnall.

—Miss Ethel Burden has returned to her home in the county after a visit to Miss Elizabeth Hudnall.

—Miss Mamie Wagoner, of Paris, was a recent guest of her parents, Mr. and Mrs. Ora T. Wagoner.

—Bay Mattox was a guest Sunday of Mr. S. R. Hudnall, "Mobile Bay," has a new Ford. Look out, girls!

—Mr. and Mrs. Harry Wells and little babe were guests last Sunday of Mr. and Mrs. W. D. Wagoner.

—Messrs. Ray Link and Will Ginn of Hutchison, motored to this vicinity and spent the day last Sunday with Mr. Robert Pollitt and Mr. S. R. Hudnall.

—Last Sunday was Go-to-Sunday-School-Sunday here. We were proud of the showing made by our little Baptist Sunday school, which had an attendance of 85. Rev. Ernest Mangum was present and preached at both morning and evening services. His subject for the evening service was "Tidings From Hell." We believe this was one of the best sermons he has ever delivered. A large crowd was present at both services.

—Messrs. Robert Pollitt and S. R. Hudnall, of this vicinity, made a flying trip to Barfoot, Ky. Sunday morning on their motorcycle. While passing through East Paris, near the covered bridge over Stoner creek, at the foot of Main street, they came near having a serious accident when their machine came in contact with a muddy part of the street. The motorcycle skidded into a wire fence, throwing the riders to the ground. The machine was unhurt, and the boys sustained severe bruises and scratches, but no bones were broken. They were able to reach their homes by noon, thanks to the man who put up the wire fence!

MATRIMONIAL.

HUFF—FEEDBACK.

—Mr. Edward Feedback, son of Mrs. Sallie Feedback, of Paris, and Miss Mary Huff, of Butler, Ky., were married Monday night at Falmouth. Mr. Feedback is in the employ of the Cumberland Telephone Co., and a resident of Paris. Mr. and Mrs. Feedback are at present guests of Mrs. Riley Martin, of near Paris.

COLLINS—CAIN.

—Mr. John Cain, son of Mr. and Mrs. Wm. J. Cain, of Paris, and Miss Mary Collins, of Kansas City, Mo., were married last week at the home of the bride's parents, in Kansas City. After a short bridal trip to Excelsior Springs, Mo., they will go to housekeeping in Weston, Mo., where Mr. Cain is engaged in business.

Mrs. Cain is a daughter of Mr. and Mrs. Wm. Collins, of Dodge City. Mr. Cain left Paris several years ago to reside in Weston.

ROWE—CONWAY.

—Friends and relatives in this city have received cards announcing the approaching marriage of Mr. Clarence Conway, formerly of Paris, to Miss Delia Rowe, of Oraville, California. The wedding will take place at the home of the bride-elect, in Oraville, Calif., on Wednesday, May 16.

Mr. Conway is the son of Mrs. Lida Conway, of Paris, and a grandson of Mr. W. H. H. Johnson, of Second street, this city. He is a civil engineer holding an important position with the Los Molinas Land Company, at Los Molinas, California, where he has been located for several years. The bride-to-be is one of the loveliest young ladies of the far-away Golden West.

DEATHS.

JOHNSON.

The body of Mr. John W. Johnson, aged fifty-eight, who died at a Lexington sanitarium last week, was interred in the family lot in the North Middletown Cemetery, after short services conducted at the grave, Monday morning.

Several years ago Mr. Johnson suffered a sunstroke, which left him an invalid. He is survived by his widow, who was formerly Miss Flanders, a daughter of Mr. W. E. Flanders, of the North Middletown vicinity, two daughters and one son.

Mr. Johnson was formerly engaged in teaching school in this county, and was later on engaged in farming, in which undertaking he was quite successful until his health gave way.

CUNNINGHAM.

—The funeral of Mrs. Mary E. Cunningham, aged seventy-nine, who died Tuesday morning at the home of her sister, Mrs. Nannie D. McClintock, in Bourbon Heights, was held at the residence of Mrs. McClintock, at 2:30 o'clock, Wednesday afternoon, with services conducted by Eld. J. D. Gilbert, of Winchester.

Mrs. Cunningham's death was due principally to arterio-sclerosis, resulting from the infirmities of age. She was a native of Bourbon county, a daughter of Eldred S. and Henrietta Dudley, of this county, and was the widow of Mr. Joseph P. Cunningham, who died in Lexington, in 1874. She was an aunt of Mrs. F. L. Lapsley, Mrs. B. F. Bedford, and Misses Nellie and Nannie McClintock, all of this city and county. Besides these she is survived by two sisters, Mrs. McClintock and Miss Rebecca Dudley, of Paris, one brother, Mr. J. Ambrose Dudley, of the county, and a nephew, Dr. Wm. K. Dudley, of near Hutchison.

The remains were interred on the family lot in the Paris Cemetery. The pall-bearers were J. Frank Clay, Frank M. Clay, Silas E. Bedford, Carey Ward, Charles N. Fithian and Charles T. Kenney.

Mrs. Cunningham was a woman whom everyone loved and respected. Her chief aim in life seemed to be to do the most good she could to everyone around her, and as a neighbor she held the esteem of those with whom she came in contact.
